

Do you have someone at your hospital that may have a developmental or intellectual disability?

Do they have urgent needs? Are they presenting with complex, high behaviour or medical needs? **IF YES: Developmental Services Ontario (DSO) is your first point of contact. We can connect you to many services and supports in the developmental sector.**

SPECIALIZED SUPPORTS INCLUDE TALKING WITH A:

- Behaviour therapist for behaviour related questions
- Speech therapist about communication challenges
- Health care specialist about health-related issues

WE CAN ALSO HELP:

- Determine if supports are already in place
- Connect you/the individual/family with a crisis worker/service
