

PARTICIPANTS NEEDED FOR MUSIC AND HEALTH AUTISM RESEARCH

Are you curious about how different sounds, including music, can influence how much you sway while standing? Do you want to participate in research that investigates how your sensory systems work together?

CAN I PARTICIPATE?

You may be eligible to participate if you:

- are 18–34 years old
- have good or corrected vision and normal hearing
- have an Autism Spectrum Disorder diagnosis

You are ineligible to participate if you:

- have a history of neurological or physical diagnosis or impairments other than autism spectrum disorder
- had vertigo symptoms within the last 6 months
- have a history of psychiatric disorders

WHAT DO I HAVE TO DO?

- attend one 60-minute session
- fill out a couple of questionnaires prior to attending (up to 60-minutes)
- stand on a platform and listen to different sounds with headphones on

Individuals who participate in the study will receive a \$25 Amazon giftcard
